

Atique Ahmad

PEC Reg.No: [COMP/024203](#) | engr.atique.ahmad@gmail.com | +92 324 0539099 | www.linkedin.com/in/atiqueahmad

EDUCATION

MSDS - Master of Science in Data Science	2025 – 2027
Information Technology University Lahore, Pakistan	
BSCE - Bachelor of Science in Computer Engineering	2019 – 2023
Information Technology University Lahore, Pakistan 3.23 CGPA	

EXPERIENCE

Software Engineer | [eBricks-inc](#) | [Paradigm Networks, Inc.](#) Jan 2022 – Present

Key Skills and Experience:

- **ML Modeling:** Executing fine-tuning of Large/Small Language Models (LLMs) and designing custom ML models for predictive analysis and intent classification.
- **Data Engineering:** Developing automation scripts for synthetic data generation and managing end-to-end data labeling pipelines to optimize training sets.
- **Visual Intelligence:** Transforming raw data into actionable insights through interactive Tableau and Power BI dashboards for model performance monitoring.
- **System Architecture:** Building high-concurrency backend services using Python(Expert) and Golang, optimizing SQL/NoSQL databases for low-latency AI performance.
- **Cloud Operations:** Streamlining model deployment on AWS and managing version control via GitHub.

Teaching Assistant / Lab Engineer | [Information Technology University – Punjab](#) Jan 2024 - Jul 2024

- Mentored 100+ students in Mobile Development; designed technical manuals for logic building and debugging.

Software Engineer Intern | [Clicky](#) Jul 2022 - Oct 2022

- During my internship at Clicky, I focused on full-stack development, gaining hands-on experience in building responsive user interfaces and scalable backend services with modern web technologies.

PROJECTS & SIMULATIONS

- **GenAI & Analytics Simulations:** Completed industry simulations with **BCG** (Financial NLP Chatbot) and **Deloitte** (Forensic Data Dashboards).
- **Smart-Cricket (ML & CV):** Developed a Deep Learning pipeline for real-time Bat and Ball detection using Python and Django.

SKILLS

AI & Machine Learning: LLM/SLM Fine-tuning, GenAI, Machine Learning, Probability & Stats, Automation

Data & Analytics: Tableau, Power BI, Pandas, NumPy, Matplotlib, Exploratory Data Analysis (EDA).

Engineering: Python, FastAPI, Django, GoLang, JavaScript, React.js, HTML, CSS, Tailwind CSS, Bootstrap

Cloud & DB: AWS, Docker, Git, Runpod, SQL, MongoDB, Firebase

CERTIFICATION

- GenAI Job Simulation ([Forage](#))
- AWS Academy ([Cloud Foundations & Data Analytics](#))
- Data Labeling Job Simulation ([Forage Academy](#))
- Python Course ([Udemy](#))
- Data Analytics Job Simulation ([Deloitte–Forage](#))
- Front-End React Development ([Coursera](#))
